

# EKメタルの製造工程概要 / EK Metals Manufacturing Process

## 伸銅品 / Drawn Bars

## 鍛造・圧延品 / Forged, Rolled Products

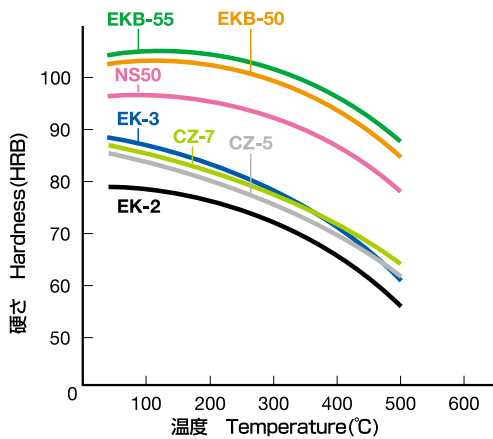

## 型鍛造チップ EKFシリーズ

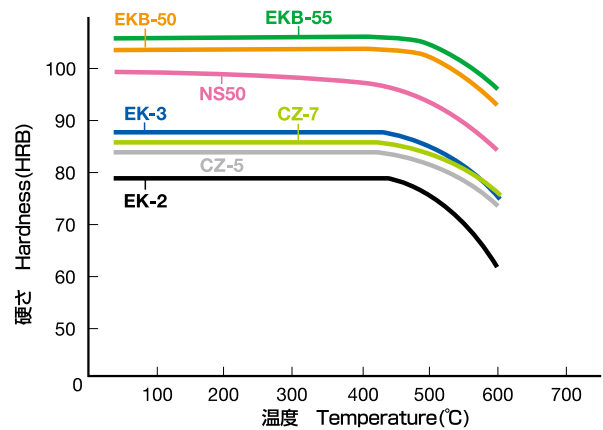

# EKメタルの材料特性 / Material characteristics of EK Metals

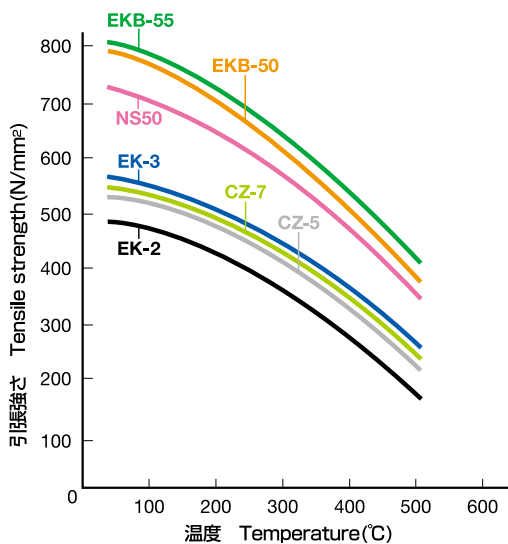

高温硬さ  
High temperature hardness

高温熱処理後の硬さの変化  
Room temperature hardness after one hour holding in high temperature

高温強度  
High temperature strength

高温熱処理後の導電率の変化  
Room temperature electric conductivity after one hour holding in high temperature
